

## Good Bye You

UFO

Strange is that how we look  
In my house now it's an open book  
Strange that's a place  
We don't go there and we don't leave a trace

Well it's out of my pocket  
Out of control  
I am still in love with you baby  
So is it

Goodbye you Goodbye me  
Goodbye you Goodbye me  
Goodbye you Is It Goodbye me  
Goodbye you Goodbye me

Strange we still touch  
Do we hold on now far too much  
Strange is that a gift from above  
Oh how we live

And it's out of my pocket  
It's out of control  
I still love you to my very soul  
Is it

Goodbye you Goodbye me  
Goodbye you Goodbye me  
Goodbye you Is It Goodbye me  
Goodbye you Goodbye me
