

## Mojo Town

UFO

Hey, hey! Ah... yeah...  
If I could just one night  
stay within your soul  
What I found - something special  
or just one bed more  
Burn your captain  
Wish I could've stayed  
I'm burning your heart, babe  
It wasn't only for a day  
Goin' on down, goin' round (round)  
Going now - mojo town  
Goin' on down, goin' on down  
Going by mojo town  
I'm going down babe  
Now I'm (in) mojo town  
And it would please me greatly  
If time stood still  
For i'd be walking backwards  
And that's my own will  
When I'm hidden in fire  
I will roll like a funeral pyre  
With a memory that won't fade  
I'm left with a burning blade (blace?)  
Goin' on down, goin' round  
Going now - mojo town  
Goin' on down, goin' on down  
Going down to mojo town  
(solo)  
I'm burning your captain  
Wish I could have stayed  
I'm burning your heart babe  
Is (was?) it only for a day  
Goin' on down, goin' round  
Going now - mojo town  
Goin' on down, goin' on down  
Going down to mojo town  
Hey yeah! I'm going down now  
I'm gonna run to town, hey!
