

## Money, Money

UFO

Well I'm down, face tomorrow  
I drown in this fool's sorrow  
I hear the lies, who I choose  
No alibis, never a trace I'm blue  
(1) Well I'm not so proud  
Baby I can see  
You take my money  
And you're laughing at me  
(2) (I ain't no clown) (Money money)  
And you're no debutante  
I wanna give  
How much do you want  
(3) Money  
Look what you've done to me  
Money  
Hope on a third degree  
You 're so dumb  
You got all the protection  
Number one  
But you only intend to clown  
(Repeat (3))  
You're so cool  
Playing glamour glamour  
Full of school  
But still in emerald  
(Repeat (3))  
(Repeat (1) )  
(Repeat (1) (1))  
Money money you think I can't see  
Take it all and you're laughing at me  
(Repeat (2) )  
(Repeat (3) ' twice)
