

## Name of Love

UFO

Living in a one-room  
If I don't fall in love soon  
Hangin' on the telephone  
If I don't get your call soon

(1) Every night I spend alone  
I've never been so low  
And this room is closing in  
If I die, who will know

(2) In the name of love  
Is there someone left for me  
In the name of love  
Set this heart free

Dreaming of a playmate  
If I don't fall in love soon  
Strangers on a dark night  
But it's all over too soon
