Little bit of you Runnin' through my vein Little bit of everything You know that's what you said Try hard, try hard to reason Reason's love Try hard, try hard to reason Reason's love 'Cause always you indulge And parents try to get you out of these jams You got that envy child they won't understand The social life you lead Leaves nothin' to desire Don't wanna see you bleed But you came on like a liar Try hard, try hard to reason Reason's love Try hard, try hard to reason Reason's love 'Cause always you indulge And parents try to get you out of these jams You got that envy child they won't understand Wrecked myself to love you All you want is more One thing you're after You just try and score Try hard, try hard to reason Reason's love Try hard, try hard to reason Reason's love 'Cause always you indulge And parents try to get you out of these jams You got that envy child they won't understand
