

Shake It About

UFO

Little girl, youre so fine
With that body you gotta be mine
Was a brownie and i was a scout
Baby i never knew how you shook it about

Do me a good dead give me what i need
If you move like that i'll give you what's in store
You won't come back asking me for more

(//) .. Too hot aint slept so well
Young boys troubles aren't doing me well
Give me your kisses every night
I wanna shake you and hold you tight,
i wanna shake...

(--jammin'--)
Since i met you i ain't slept so well
Young boys trouble aren't doing me well
Give me your kisses every night
I wanna shake you and hold you tight
Come on and shake, ah, ...shake....
