In a bed with her head n a jig
Eat on my dick like it's a corn or a bar-b-que rib

Shes a big fine something ain't she
With that big ass bet she can grind something can't she
She shake it fast shake it slow
To and fro, back n forth, up and down
Apple bottom brown and it ain't fucking around
She got them rocket republics on fitting kinda tight
Real snug on her back side it's looking kinda right
With a juicey tite chop n the luther tin heels on
