

Texas Ave Interlude

UGK

PA is the town, where it's goin' down, West side to the East it
's off the chain
I'm bangin' my surround, swangin' on these clowns, candy paint
is drippin' leavin' stains
You see the diamonds grippin' on the grain, chrom-
ed lady sittin' on the grill
Leanin' down the fifth, smokin' on the fif, drop the top and le
t em' see the trill
UGK 4 Life, you better ask your wife, she'll tell you Bun and P
imp the real
Light, back the knife so if you actin' schife then I'm a give y
ou somethin' you can feel
Don't make me have to go and pull the steel
I cock it back and then I let it go
And put one in your dome, cause I be puttin' on, for my city be
tter let it know
