

# Let the Record Play

Ugly Kid Joe

Your gone  
It hurts but I'll be okay.  
Time heals  
All the wounds they say  
I'm done  
With the same old song and dance  
This love  
song never had a chance.

Don't even try to reminisce  
Never were a hit we were a total miss  
Don't you rewind to yesterday  
Put the needle down  
And let the record play.

Your gone  
And finally I'm free  
I guess  
We just weren't meant to be  
This song  
Is way too overplayed  
It skips  
Like a record back in the day

Don't even try to reminisce  
Never were a hit we were total miss  
Put the needle down  
And let the record play (2x)

We rehearsed the tunes  
Sang all the songs  
Tried a million times  
But it came out wrong  
So out of tune  
In the wrong key  
Never in time  
Never wanted to be  
There's nothing to do  
Nothing to say  
Put the needle down  
And let the record play

Don't even try to reminisce  
Never were a hit we were total miss  
Put the needle down  
And let the record play
