

# Nothing Ever Changes

Ugly Kid Joe

If I could live this life again I'll change everything  
But leave you the same you are beautiful and love surround you  
If I could change the past I'll leave it all behind me  
Remembering only what reminds me of you and me

Cause every day it's the same old sky  
with more and more the colors die  
And all the lone you wonder why  
nothing ever changes, nothing ever changes  
nothing ever changes, nothing ever changes

If I could win this time in life I'd see anything  
I call out your name it's unusual the world surrounds you  
If I could make it last with something that defines me  
Surrendering only what reminds me of you and me

Cause every day it's the same old sky  
with more and more the colors die  
And all the lone you wonder why  
nothing ever changes, nothing ever changes  
nothing ever changes, nothing ever changes
