Decepticons

They cannot feel Coz they're made of steel They can crush your bone Easy like a stone Some walk on wheels And some of them can heal You when you wounded and lost Before you turn into dust Its not a pretty sight To watch them in a fight Its hard to stay alive The year 2005 This is the story you made About the boy the saved Then delivered him home From the decepticons Т I'd like to stay A while and play A while and stay And i I'd like to stay A while and play A while and stay They need no fuel And in their world they rule And if they're told what to do To make your wishes come true Oh mega supreme Kinda belongs to the cream His words can drive you insane And transform into your pain Its not a pretty sight To watch them in a fight Its hard to stay alive The year 2005 This is the story you made About the boy the saved Then delivered him home From the decepticons Ι I'd like to stay A while and play A while and stay And i I'd like to stay A while and play A while and stay "do not grieve. soon, i shall be one. with the matrix." They have to dear

Ugress

To put away all fear No need to come along If you're not fearless and strong They hate to loose And if they could choose They'd rather stop to exist Than end up crushed in your fist

Its not a pretty sight To watch them in a fight Its hard to stay alive The year 2005 This is the story you made About the boy the saved Then delivered him home From the decepticons
