

## Darkness Is

Uh Huh Her

Darkness is never absolute tears  
Unlike wars without fear  
You're running like you're oh so shy  
Feels like there's more to life than this  
I don't like anything I see  
I don't, I don't like nothing at all

Cease like rain, I didn't know what to do  
You were the same old shame  
You're running like you're oh so shy  
I didn't see you come  
I didn't know what to do  
But I will fix you up  
I don't like nothing at all

Kill the pain, I don't even know what to do  
You're running from the same old things  
And nobody looks the same  
Don't make me feel this way  
I feel no pain  
But I feel like falling down again, down again  
I do

I say to the world to leave it alone  
And say hell to the ones who sit on their thrones  
And tell everybody to gather their guns and fear  
What?  
Do you really want to let them control you?

And damn to the hands who leave you alone  
So long as they can't get a taste of what love is  
Say what you can, and mean what you say  
It always wins  
All I'm really trying to do is tell you love

Do you want to let them control you?  
Say I don't know what you're thinking  
Do you really want to let them control you?  
You win some  
Everybody's losing  
Don't mind, no matter what you're choosing  
Do you really want to let them control you?
