

## I've Had Enough

Uh Huh Her

I've lost myself again  
But if I could show you places I have been  
Anyway I've had enough  
I say goodbye to you and to everyone

'Cause I've had enough  
I would take you away

Today I can't see much  
But I got myself from fall because I've lost your love  
but if I could breathe again  
I'd take out what you gave me in  
I'd take all that you gave me in

I'd take you away  
I would take you away
