

Nuthin Without Your Love

Uh Huh Her

Uuh I know I'm addicted to love
Come on I kick you way
Uuh I know I'm addicted to love
There's nothing I could say
Uuh I know I'm addicted to love
There's so much to keep away
Uuh I know we're addicted to love

I can take you anywhere
What did I ball to?
Ooh what did you caught here?
You'll come right back darling, you love all about it
You'll come right back darling, you love my assistance

Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love

Say that's a recues, baby I, say that's a rescue
Baby I, say that's a rescue
Baby I, say that's a rescue
In a vision, in a vision, in a vision, in a vision, in a vision, in a vision

Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
Nothin without your love
say that's a rescue baby I, say that's a rescue
Baby I, say that's a rescue
Nothin without your love
Nothin without your love
Baby I, say that's a rescue
Nothin without your love
Nothin without your love
I, I
