Strange Design

Uh Huh Her

Lost in the dark, I'm waiting here Don't know where you are, it's true Time in a way it can be bitter sweet And lost in the dark with me

When, when it gets cold Tell us to begin again, again When time passes by, I said To begin again, your strange design

You begive it, hope to choose tonight Don't know what you are, tell me Death for the one, you are lost in the dark I know of the self, that strange design

(2x)

When, when it gets cold Tell us to begin again, again When time passes by, I said To begin again, your strange design
