

I'm sitting here and I wonder why  
Could this be true  
I'm a dog I am selfish  
And did I really do this to you  
One day I'll wake up from this dream  
And I'll wonder where I am  
This God forsaken everybody's taken  
It's a nowhere land

All I need is a little bit of action  
You can't take five in this limo life  
So what's the satisfaction

The rock and roll hall's downtown  
They don't know my name  
I could be Valentino  
To them it's just a game  
I stand naked on the street  
I scream 'til I'm blue  
Nobody sees nobody hears  
I'm only passing through

All I need is a little bit of action  
But you can't take five in this limo life  
So what's the big attraction  
Yeah, yeah, yeah

Don't look at me so seriously  
What did I say  
I am lost then I'm found  
Doesn't matter anyway  
One day I'm gonna break on through  
To the ....??.....??  
'Til that day comes along  
Down the road I go, just looking

All I need is a little bit of action  
But you can't take five in this limo life  
So what's the big attraction

All I need is a little bit of action  
But you can't take five in this limo life  
So what's the big attraction

All I need is a little bit of action  
But you can't take five in this limo life  
So what's the big attraction

All I need is a little bit of action  
But you can't take five in this limo life  
So what's the big attraction
