

# Telephone Numbers

UK Subs

I tried to get you on the telephone  
But all day long got your number wrong  
Then I remembered that I wrote it on the shirt  
But I went and got it dirty when I fell in the dirt

Telephone numbers  
Getting me down  
Got the wrong number  
Telephone numbers  
Going through my head  
But the lines are dead

On the screen we have a good time  
Thought I'd call a friend of mine  
Come on over bring a beer  
What'd you say there's a buzzing in my ear

Telephone numbers  
Getting me down  
Got the wrong number  
Telephone numbers  
Going through my head  
But the lines are dead

Saw you out in the week  
We pass by we never meet  
You ring me in not in  
Fuck let's talk about the state I'm in

Telephone numbers  
Getting me down  
Got the wrong number  
Telephone numbers  
Going through my head  
But the lines are dead
