

# Glad I Found You

Ulrik Munther

I got a story to tell  
about this girl that I adore  
She always get me never else  
And she laughs at all my jokes

I haven't told her how i feel yet  
The [?] scares me so

But girl you really make my heart melt  
So here we go I love you  
I know it may sound cheesy  
But won't you hear me out please

I'm so glad I found you  
And you me  
Ooooh  
So glad I found you  
So glad I found you  
So glad I found youuu  
So glad I found you  
Yeah

I made a necklace with our names  
When I was just nine years old  
But then you moved so far away  
And I lost it now its gone

It/That was like ten eleven years ago  
I known you from the start  
Let's make up for every second of  
the years we were apart

I know it may sound cheesy  
But won't you hear me out please

I'm so glad I found you  
And you me  
Ooooh  
So glad I found you  
Yeah  
So glad I found you  
So glad I found you

I love everything about you  
The way you bite your nails  
Yeah its true  
I'm crazy about you  
And all I want from you is nothing  
Knowing you're around  
Is all I need  
(Its all I need)  
Its all I need

So glad I found you  
So glad I found you  
Yeah  
So glad I found you

Yeah  
So glad I found you
