

Kill For Lies

Ulrik Munther

Between the emptiness and pain
Is understanding that my fears
They never let me show
I care I care

Was it all only for dignity and pride
That I'm left broken
Inside inside

We kill for lies kill for lies
Murder our love to save our pride
We kill for lies kill for lies
Loves poisons truth love suicide

In the night I lie awake
So complicated and my soul
It wait its war with self control
I know that now I
I don't understand the games I play
Just a price that
I'll pay I'll pay

We kill for lies kill for lies
Murder our love to save our pride
We kill for lies kill for lies
Loves poisons truth love suicide

Love suicide yeaah

Yeaahh

We kill for lies kill for lies
Murder our love to save our pride
We kill for lies kill for lies
Loves poisons truth love suicide

Maybe in time I'll find piece of mind
But I don't know
Love suicide
