

# On My Own

Ulrik Munther

The day I left you  
I felt kind of sad  
Cause I really liked you, yeah  
But you make me so mad  
You see, I hate you  
When you're making me do  
Things that I don't want you to  
When I'm with you

[Chorus:]

So now I'm standing here on my own  
I really miss you but can't stand you're tone  
So now I'm free, but also alone  
I don't know if I survive on my own

I'm on my own now  
Don't know what to do  
But for somehow  
I can't get over you  
I miss you so know  
Why did you let me go?  
I guess it's my fault now  
I can't blame you at all

I had to go, girl  
Don't know why I did  
But I had a feeling  
I wanted to send up a shout  
Don't know what's the truth, girl  
Do I hate or love you?  
Don't know what to do  
I'm sorry if I left you

[Chorus X2]

Well, I don't know if we're meant to be  
I don't know if we're meant to be  
I don't know if we're meant to be  
I don't know if we're meant to be

[Chorus X2]
