

Rooftop

Ulrik Munther

Life is an open sea
Just waiting for you and me yeah
We can do what we wanna do
Be what we wanna be

Mountains and city streets
Just waiting for you and me yeah
We can go where we wanna go
We know what we gotta know
We've got everything we need

[Chorus:]

Oh, shout it from the rooftops
Nothing's gonna stop us
We have been waiting so long
We're getting ready to run
Run until our heart stop
We will never give up
We have been waiting so long
Shout if you're ready to run

Tomorrow won't be the same, no
Tomorrow ain't far away yeah
Under a different sky
Watching it side by side
Tonight we will celebrate

[Chorus]

This is not goodbye
I'm not gonna cry
I'll see you somewhere down the line
I may take some time
But it will be alright

Oh, Tomorrow won't be the same
Tomorrow ain't far away
We can do what we wanna do
Be what we wanna be

[Chorus]

I think we're ready to run
