

# Sticks And Stones

Ulrik Munther

Eh eh  
Yeah yeah  
Oh oh oh

[Verse]  
Just another day  
Same in every way  
Doing what I should do  
What other people say

[Bridge]  
I think it's time I take  
Charge of my own faith  
I know it's not too late, it's not too late, it's not  
too late

Eh Eh  
Yeah yeah  
Oh oh oh

[Ref]  
Well you can break my bones  
With sticks and stones  
But you can't hold me down  
I think it's time I break  
The rules you make and make some of my own  
I'm taking all your flaws  
Your sticks and stones  
Your sticks and stones...

[Verse]  
Mistakes I have made  
Cut me like a blade  
But what really kills me  
Is the madness I've obeyed  
So to save my soul  
I'm taking all they stole

[Bridge]  
I'm breaking my parole, I'm letting go, I'm letting go  
yeah

Eh eh  
Yeah yeah  
Oh oh oh

[Ref]  
Well you can break my bones  
With sticks and stones  
But you can't hold me down  
I think it's time I break  
The rules you make and make some of my own  
I'm taking all your flaws  
Your sticks and stones  
Your sticks and stones...
