

# Symphony

Ulrik Munther

I was looking for a pot of gold  
Chasing rainbows, oh oh  
I saw summer turn to snow  
I got cold, so cold

And in the morning breeze  
You came to me

The world is like a symphony  
The mountain's like the melody

Singin' nah nah nah  
Singin' nah nah nah  
Just for me

Down a long and windy road  
I've been walking, on my own  
And I've been calling this road my home  
Like a fool, I was wrong

In the morning breeze  
You came to me  
The world is like a symphony  
The mountain's like the melody

Singin' nah nah nah  
Singin' nah nah nah  
Just for me  
Just for me

The world is like a symphony  
The mountain's like the melody

Singin' nah nah  
Singin' nah nah nah  
Just for me, yeah  
Just for me, yeah

Singin' nah nah nah  
Nah nah nah  
Just for me
