

On the Edge

Ultimatium

See my shadow on the wall
Evil presence on these halls
You have entered to my world
That's been blackened by hate

Come to free my hatred soul
I don't want to be alone
Take me out of my dark mind
Come save me. I'm trapped inside

Of my mind
That once was full
of light and joy
I call you inside my black wall
Tear the curtain down, I beg you
Take me where the grass is greener
Take me to the Light

Take away the dark from my soul
Bring the light and save me from this black world
Once my soul was filled with light until the hatred
of mankind
Pushed me to edge of my mind

I'm falling down, down below, to the core of mind

And what do I see down in there?
Poor people crying for their deeds

Cry for lord

Down below I find cruellest man, crying
Out for lord who does not hear him anym ore

Where is he now when you're alone with your sin?

Do you ask yourself a question,
Was it worth it. Have you now learned?
Can you see the sins you have made?
Would you do it again?

Take away the dark from my soul
Bring the light and save me from this black world
Once my soul was filled with light until the hatred
of mankind
Pushed me to edge of my mind

Take away the dark from my soul
Bring the light and save me from this black world
Once my soul was filled with light until the hatred
of mankind
Pushed me to edge of my mind
