

Every Now & Then

Ultra Naté

A memory of you in my head
I'd rather love you instead
After all the pain you've put me through
Sometimes at night I still need you

You took me through changes
But no one loves me like you do
Love leaves me so empty
And when you're gone
I fall apart

Every now and then
Every now and then
I want to call you
Every now and then
Every now and then
I want to call you

Promised myself
A thousand times
I'd learn to live
Without your smile
Other loves try to take
Your place
But your sweet touch
I can't erase
