

Pretty Green Eyes

Ultrabeat

Pretty green eyes,
So full of sparkle and such light,
Let me remind,
You chose not to cry.
Its all right,
for your lover has come home,
by your side I'll always stay,
never have to be alone.

You never have to be alone (2x)

Pretty green eyes,
so full of wonder and despair
its all right to cry
for i'll be there to wipe your tears
and in your arms
together we're in paradise,
and its so nice,
you'll never have to be alone

You never have to be alone (4x)
