

Fired

Ultraspank

Feel the waking up
Feel the breaking loose
Start the engine turning
Feel the inside burning
Fired
Push it to the red line
Push it to the edge and it starts to unwind
Latched on sucker
Holds you steady as it starts to shudder
Tell me when it fucking hurts
Crash it through the base line
Leave it in the dust as you begin the climb
All out crusher
Shedding the skin as it fuels the within
Tell me when it fucking hurts
Hurts
It fucking hurts
Half feeling alive
Half feeling alone
Half feeling the pressure
Half feeling the anger
Fired
Pushed it to the red line
Pushed it to the edge to begin the unwind
Saw toothed sucker
Ripped the within so the out could begin
Told you it would fucking hurt
Reach back
