

I don't know enough about you  
To leave myself wide open  
And I don't know when I've had enough  
To remove myself from you  
Try not to think it out  
Try not to act it out  
Cut it shut it keep it down  
Never let it leave the ground  
I gather up what you'll give  
But it never helps fill the sieve  
Because I don't know enough about you  
To leave myself wide open  
Try not to think it out  
Try not to act it out  
Cut it shut it keep it down  
Never let it leave the ground  
It doesn't matter anyway  
When it's all said and gone away  
Accumulate experience  
Accumulate experience  
Time goes by and within it's smile  
You think you'd find a way  
But it seems so hard to pick apart  
It is so far away  
It's only what it means  
And never what it seems  
It's only in the eyes of me  
It circles to the end  
It lives to upend  
That's only when it starts again  
Times goes by and within it's smile  
You think you'd find a way  
But it seems so hard to pick apart  
It is so far away  
Times goes by  
It seems to hide  
It is so far away  
And all the while  
It beams this smile  
It is so far away  
It is so far
