

You fell on me  
For the last time  
Ugly of the worst kind  
Imposing like a dark cloud  
Reaching out  
Wrong  
Push away  
Holding me  
Crushing me  
Push away  
Holding me  
Crushing me  
Hungry  
Dig in  
Hungry  
Please  
Push away  
Holding me  
Crushing me  
Push away  
Holding me  
Crushing me  
I can bet that you pucker up  
I can bet that you lie down  
I can bet that you get yours  
I can bet that you get yours  
Because that's your life  
Wanting  
Needing  
Taking  
Stealing  
Imposing like a dark cloud  
Reaching out  
Wrong  
Push  
Back  
Pull the wool over your eyes  
I can bet that you pucker up  
I can bet that you lie down  
I can bet that you get yours  
I can bet that you get yours  
Because that's your life
