

Wrapped

Ultraspank

Hold me to the light
All this for me
Arms wrapped around me
Breathe
Out
Gold
Cold
Hold me to the light
Hold me to the light
All this for me
Arms wrapped around me
Breathe
Out
Gold
Cold
All I could want
All I could need
All I could feel
All I could see
Damn myself
Am I safe
Bought myself a better life
Gave myself a reward
A worse hand was never dealt
A worse hit was never felt
Damn myself
Am I safe
Back
My
Self
Paid the price
Back
My
Self
Bought you a better life
Hold me to the light
See what I just might
Offer up forgiveness
Think that I'd forget this?
With all I could want
With all I could need
With all I could feel
With all I could see
Bought myself a better life
Gave myself a reward
A worse hand was never dealt
A worse hit was never felt
Hold me to the light
All this for me
Arms wrapped around me
I don't think so
