Blow Up The Radio

Ultraviolet Sound

I just wanna run away
Run away..
Run away...

Tie me up in your backseat
Cover up my eyes
Blast me through your system
Take me for a ride

Danger
We going higher
Set me on fire

Burn burn burn it up
To the top
Whoa
Turn turn turn it up
Blow up the radio
Blow up the raidio

Take me up in you airplane
I wanna kiss the sky
Fly me into outerspace
Stars are in my eyes

Danger
I'm getting higher
We'll set the world on fire

Burn burn burn it up
To the top
Whoa
Turn turn turn it up
Blow up the raido
Blow up the radio

I just wanna run away
From all of the pain
All of the hate
Got too much to say
So I'll stay and blow up the radio
Turn down you ignorance
And make a differnce
Turn it up
Turn it up
Burn it up

Burn burn burn it up
To the top
Whoa
Turn turn turn it up
Blow up the radio
Blow up the raidio
