

Love Electric

Ultraviolet Sound

Do you feel
My love
Pushing the speaker
My heart's getting weaker
Won't
You come
Be my hypersonic technicolor freak of nature

Boy, I like your fashion
You're the main attraction
Nobody gets me higher
Tweek me like a synthesizer
Tweek me like a synthesizer
Love Electric
Love Electric
Love Electric
Love Electric
Love Electric

The beat
Is real
Our bodys are flashing
My temperature is rising
Up and up and up and up

Boy, I like your fashion
You're the main attraction
Nobody gets me higher
Tweek me like a synthesizer
Tweek me like a synthesizer
Love Electric
Love Electric
Love Electric
Love Electric
Love Electric

Put your cassette im my cassette player
I'll never press rewind
The psychedelic touch
Fell the fever, feel the rush
Love electrifeid
Electrified

Boy, I like your fashion
You're the main attraction
Nobody gets me higher
Tweek me like a synthesizer
Tweek me like a synthesizer
Love Electric
Love Electric
Love Electric
Love Electric
Love Electric

Boy, I like your fashion
You're the main attraction
Nobody gets me higher

Tweek me like a synthesizer
Tweek me like a synthesizer
