Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air
Stranger to stranger
We're both dressed for danger
Something is generating here
Oh, take off your halo
For the all-night inferno
Something is happening in the air
It's not like anything I've ever known before
And I don't care
Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air
Surging and merging
Urgent and urging
Soft as a footstep on the stair
The red light is on now
My gravity's gone and how
I can feel something in the air
It's not like anything I've ever known before
And I don't care
Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air
Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air
Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the air
```
