

oh, oh, oh, oh  
oh, oh, oh, oh  
oh, oh, oh, oh,  
uh

Time will find a way  
A way to make your world go round  
Present an empty day  
A canvas for your words  
To paint the things you see  
A chapter still to come  
Don't you know that every picture holds a story

Don't you know you'll learn to live again  
Soon to find your road to everything  
Don't you know you'll learn to live again  
oh, oh, oh, oh  
oh, oh, oh, oh  
oh, oh, oh, oh...

I've seen it all before  
The emptiness and empty heart  
Belwilderred and unsure  
One moment and it's gone  
Release and set you free  
To cast away your ties  
To radiate and shine to light your path to glory

Don't you know you'll learn to live again  
Soon to find your road to everything  
Don't you know you'll learn to live again  
oh, oh, oh, oh  
oh, oh, oh, oh  
oh, oh, oh, oh...

Don't you know you'll learn to live again  
Soon to find your road to everything  
Don't you know you'll learn to live again  
oh, oh, oh, oh  
oh, oh, oh, oh  
oh, oh, oh, oh...
