Ultravox

Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender

Searching the institution  
Chasing the grand illusion all the way  
Away  
Turn every stone to find it  
Filling my empty mind, it falls away  
Away

Beats on my devotions like a hammer hits a nail  
With your sweet surrender  
Fill up my emotions like a wind fills out a sail  
With your sweet surrender

Beats on my devotions like a hammer hits a nail  
With your sweet surrender  
Fill up my emotions like a wind fills out a sail  
With your sweet surrender

Finding the key to open  
A heart that was never broken with a smile  
A smile  
Look for whoever sold me  
On a feeling nobody told me could be wild  
So wild

Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender  
Sweet sweet  
Sweet surrender

Beats on my devotions like a hammer hits a nail  
With your sweet surrender  
Fill up my emotions like a wind fills out a sail  
With your sweet surrender...
