Oh the night is my world City lights painted girls In the day nothing matters It's the night time that flatters In the night no control Through the wall something breaking Wearing white as you're walking Down the street of my soul You take myself you take my self - control You got me living only for the night iBefore the morning comes the story's told You take myself you take my self - control Another night another day goes by J never stop myself to wonder why You help me to forget to play my role You take myself you take my self - control J j live among the creatures of the nighto J haven't got the will to try to flight Against a new tomorrow So j guess j'll just believe ite That tomorrow never comes again Night j'm living in a moment of a dream J know the night is not as it would seem J must believe in something So j quess j'll make myself believe it That tomorrow never knows□ Oh the night is my world City lights painted girlds In the day nothing matters It's the night time that flatters You take myself you take my self - control You got me living only for the night Before the morning comes the story's told You take myself you take my self - control J j live among the creatures of the night J haven't got the will to try to flight Against a new tomorrow So j guess j'll just believe it That tomorrow never knows□
