

You Are Poison for Me

Umbra Et Imago

You are poison for me
and yet
Oh how I love you
I see walking in the garden
In my head standing on the corner
You are Poison for me

You're killing me slowly
Oh how I yearn for you
I smell your skin
I eardrop on your sounds
You are poison to me

You live in your small world
and how I can feel you
I know how hard is goodbye
Like before in another world
Were you already then poison for me

Oh, how I love you
So alone among many
So far from you
