

Staring at the Moon

Una Healy

I never thought I could miss your cry
The way you kept me up through all those sleepless nights
But all I want is, all I want is you
Not one for cliches or for rhymes
But a little bit of distance makes the heart come back to life
Now all I want is, all I want is you

We are under the same night sky
So I will always be by your side

Oh woah
Ooh la la la, la la la
Don't you worry
Ooh la la la, la la la
'Cause I know you do
Ooh la la la, la la la
I'm gonna be home soon
So just keep staring at the moon
And know that I will be looking back at you
You know that I will be looking back at you

I never wanna see those blue eyes blue
Even though the sun will rise, the moon will be there too
Yeah smiling over, smiling down on you

Oh 'cause we are under the same night sky
So I will always be by your side

Oh woah
Ooh la la la, la la la
Don't you worry
Ooh la la la, la la la
'Cause I know you do
Ooh la la la, la la la
I'm gonna be home soon
So just keep staring at the moon
And know that I will be looking back at you
You know that I will be looking back at you

Yeah, all I want is, all I want is you
You are my heart, my soul, my everything and more
Yeah, all I want is, all I want is you
You'll never be alone, 'cause baby don't you know that
We are under the same night sky
So you will always be my side

Oh woah
Ooh la la la, la la la
Don't you worry
Ooh la la la, la la la
Yeah because I know you do
Ooh la la la, la la la
I'm gonna be home soon
So just keep staring at the moon
And know that I will be looking back at you
You know that I will be looking back at you
