

# Oceans of Time

Unanimated

Like a vision, i am drowning into time of hate  
Running through hedges of pain  
Howling wolves in a glade of sleep  
Lost night cries in the crack of dawn

Burned out candles on a hill so close  
Like a vision i die among the oceans  
With hands full of blood i rest in the fire  
Into a greyish forest, rain never ends

I travel through ... The oceans of time  
The oceans of time

Time is standing still as i awake from my journey  
Cold eyes floating within time as one

With a heart of the blackest coal  
I travel through, i breathe through the shadows

I travels through ... The oceans of time
