## **Memphis Soul Song**

## **Uncle Kracker**

Lookin' back on everything And all the things that stay I can count on memories Cause they dont go away Good times were hard to hold Until she came along She moves me like a Memphis soul song

I'm not always there I know but she don't mind at all As pretty as a picture that hangs on my own wall She's like Mississippi When the sun comes up at dawn She moves me like a Memphis soul song

With an angel on my left side and a devil on my right She's the one who saves me from them dark unholy nights Of all the ones who've left me it's a wonder she's not gone She moves me like a Memphis soul song She moves me like a Memphis soul song

She dont care what the game is She's always down to play My world without her seems a million miles away She dont have to worry I know where I belong She moves me like a Memphis soul song

I've been delt some aces And I've played them all the same But she's the only one that keeps me in the game No fame or fortune could ever keep me gone She moves me like a Memphis sould song

With an angel on my left side and a devil on my right She's the one who saves me from them dark unholy nights Of all the ones who've left me it's a wonder she's not gone She moves me like a Memphis soul song

There's a magic down in Memphis The never seems to fade Even now them voices carry Like a lonely serenade It's the memories that still and always will be on my mind They move me everytime

She see's the good in everything there is to see Sometimes I wonder what she ever see's in me I'm not always right you know But she's never led me wrong She moves me like a Memphis soul song

In all my travels I've never found a way To find the words that say the things I'd like to say I've sang some melodies but she's my favorite one She moves me like a Memphis soul song With an angel on my left side and a devil on my right She's the one who saves me from them dark unholy nights Of all the ones who've left me it's a wonder she's not gone She moves me like a Memphis soul song She moves me like a Memphis soul song
