

You threw out the past  
When you threw out what was mine  
Throughout the years  
It was hard to make it last, Anodyne, Anodyne

No sign of reconciliation  
It's quarter past the end  
Full moon from on high  
Across the board we lose again, Anodyne, Anodyne

Anodyne  
Tossed it out for me to find  
Without a word you're out the door  
Without a reason anymore

Two fingers on the trigger  
Can break the heart of any day  
Foolish to believe  
Turn out okay, Anodyne, Anodyne

Anodyne  
You tossed it out for me to find  
Without a word you're out the door  
Without a reason anymore

Anodyne  
Anodyne  
Anodyne  
Anodyne
