

When It's Over

Under The Flood

I'm getting tired of all these days
Were the sun just slips away and fades
Please take me away
I wonder why the clouds are made
To steal my sun away
And break my faith in better days
Stay with me I believe
I believe

Wake me when it's over
Because I don't want to spend another day
So alone and so afraid
Tell me when it's over
Because I've been broken in a way
That only hope in me can save
And bring me closer
So wake me when it's over
Wake me when it's over

I look around and all I see
Are the better memories
And the ones that I can reach are calling out to me
I'm struck down but I still crawl
I'm still here fighting through it all
Taking everything but I'm still breathing
Stay with me I believe
I believe

Wake me when it's over
Because I don't want to spend another day
So alone and so afraid
Tell me when it's over
Because I've been broken in a way
That only hope in me can save
And bring me closer
So wake me when it's over

All you know and all you love
All you hold and all you've done
All the pain inside
Just one more reason to fight
All you dream and all you need
All the things that you believe
It's taken everything but you're still breathing

Wake me when it's over
Because I don't want to spend another day
So alone and so afraid

Wake me when it's over
Because I don't want to spend another day
So alone and so afraid
Tell me when it's over
Because I've been broken in a way
That only hope in me can save
And bring me closer
So wake me when it's over

I'm broken
I'm broken
I'm broken

Wake me when it's over
Because I don't want to spend another day
So alone and so afraid
Tell me when it's over
Because I've been broken in a way
That only hope in me can save
And bring me closer
Wake me when it's over
