

Against All Odds

Under The Influence of Giants

You're fools gold, we all know, so I'll cry and try
Why did you have to mess around?
So spare me, my lady, 'cause I've come to hide
Why did you have to?

I against all odds
I can't stop loving you, no
But you say I against all odds
'Cause I can't stop loving you, no

My sparrow, the arrow I've got time say it again
Why did you have to mess around?
This bedroom, with no one home, my farewell to those who say
Why did you have to?

I against all odds
I can't stop loving you, no
But you say I against all odds
'Cause I can't stop loving you, no

Why did you have to mess around?
Why did you have to?

I against all odds
I can't stop loving you, no
But you say I against all odds
'Cause I can't stop loving you, no

I against all odds
I against all odds
I against all odds
