

Mama's Room

Under The Influence of Giants

Something's got my fear
And it won't get through my head
But there's something missin'
There's something missin' here, yeah

Here I go again
React without a plan, no
But there's something missin'
There's something missin' here, alright

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go

She's on high demand
I can try but nobody can
But there's something missin'
There's something missin' here, yeah

Whoa, lay right on the floor
I want to hear no more
But there's something missin'
There's something missin' here, alright

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go

Makin' love in
Makin' love in, in mama's room
I said, I can't sleep alone
(In mama's room, yeah)
I can't sleep alone
(In mama's room)

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go

Makin' love in mama's room
Takin' all I can from you
And when you're gone, go, go
Go, go, go
