

# A Moment Suspended in Time

Underoath

Held captive,  
I'm a prisoner  
In the back room where the water leaks  
And it's oh so cold  
Command me on what to do while we both know  
Neither you or I  
Are in control

There's nothing left for me here

I'm grabbing on to what's left of this hole  
It's all to real, this can't be happening  
Never again, ever again, will I say I'm ok  
I'm scared of the fate that will become mine

No time to talk  
No time to talk  
You know the drill

Under my desk this can't be it  
I'm only dreaming  
But I can't get up  
No time to talk, not this time  
This is my place, this is where I arrange

It's so funny how  
We see things so clear  
When we have no time left to live

So lay back now and take it in  
And I won't say a word  
So lay back now and take it in  
And I won't say anything

I can't believe how it feels  
To stand here in this room  
It feels like we're gonna blow  
I think we're all gonna blow

Under my desk this can't be it  
I'm only dreaming  
But I can't get up  
No time to talk, not this time  
This is my place, this is where I arrange

I've gotta be dreaming  
We've gotta be dreaming  
Please don't wake me up

This is the end
