

# It's Dangerous Business Walking Out Your Front Door

Underoath

I've been up at this all night long  
I've been drowning in my sleep  
I've prayed for your safe place  
And its time for us to leave

Time is running, its running on empty and the gas is running out  
I've decided that tonight is the night  
That I let love aside  
Full speed ahead this seems to be the place  
I've seen this once before  
Planned perfection sought in my dreams  
Hoping this would take you home

My knuckles have turned to white  
There's no turning back tonight  
So kiss me one last time

Around this turn where the cross will cast your shadow  
The people will all gather  
To remember such a day  
Where the flames grew as high as trees  
And the world stopped for you and me

My knuckles have turned to white  
There's no turning back tonight  
Kiss me one last time  
(Shut your eyes)  
My knuckles have turned to white  
There's no turning back tonight  
(so hold on tight)  
Kiss me one last time  
(Shut your eyes)

I will now bring new meaning to the word alone  
Endless nights of dreaming of life  
And the days we should have spent here

Drowning in my sleep I'm drowning in my sleep  
Drowning in my sleep I'm drowning in my sleep

Glass shatters and comes to a halt  
I thought we'd be there by now  
I thought it would be so much quicker than this

Pain has never been so brilliant  
I made sure you were buckled in  
Now you can walk hand in hand with him  
Hand in hand with him

My knuckles have turned to white  
There's no turning back tonight  
Kiss me one last time  
(Shut your eyes)  
My knuckles have turned to white  
There's no turning back tonight  
(so hold on tight)  
Kiss me one last time

(Shut your...)
