

BURN OUT BRIGHT  
HOLD THE TORCH WHILE YOU CAN  
DONT FADE AWAY  
BURN OUT BRIGHT  
HOLD THE TORCH WHILE YOU CAN  
DONT FADE

I saw you pointing the finger  
it can't be getting CLEARER  
FADE, OUT  
well if I have to spend it for you  
I guess I'll be your little MARYTR  
FADE, OUT, FADE

we've all been down this road a time or two  
and I swear I thought I was never coming home

Patience I know its hard enough for you  
we can't stand together  
Patience I know its hard enough for you  
we can't stand together

I come up empty handed  
the ground is falling right where im shrinking  
FADE, OUT  
im just away in the dark  
they all talk about the day I fell apart  
FADE, OUT, FADE

we've all been down this road a time or two  
and I swear I thought I was never coming home

Patience I know its hard enough for you  
we cant stand together  
Patience I know its hard enough for you  
we can't stand together

I stand before the crowd broken  
I was once of this  
I will never let them in no  
wont let them intensify  
and I never took my time while i was there  
I never took the time

Patience I know its hard enough for you  
we cant stand together  
Patience I know its hard enough for you  
we can't stand together

I never thought I'd see the end  
I never thought I'd see you
