

Crow Killer

Unearth

Capture your soul with a vengeful feast
I will hunt down and conquer
Send your best to the grave
For your crime they all will pay

I lurk in the shadows entombed in spite filled rage
No Crow will escape the blade
For your crime they all will pay

Hell on your earth
Hells wrath brought on your head
Hell on your Earth
For your crime I've suffered

They'll pay with their blood

Hell on your Earth
Hell's Wrath brought on your head

Hell on your earth
hells wrath brought on your head
Hell on your Earth
For your crime I've suffered

I've suffered

A 20 year way ends at last
This revered soldier lays his vengeance down
