

We Will Not Delay

Unhindered

You've been our resting place
Our shelter through each storm
The everlasting one
You are here with us

You never turn or change
Your faithful age to age
Our father full of grace
We run into your arms
Run into arms

Chorus: We will not delay into your presence
We will seek your face
And find your goodness
Caught in your embrace
We know your heart for us
Your heart for us

Our hope for years to come
And our eternal home
Forever loved and known
We run into your arms
Run into arms

Chorus

Your Arms are open wide
Open wide
Your arms are open wide for us
Your arms are open wide
Open wide
Your arms are open wide for us
For us

Chorus
We know your heart for us

Your Arms are open wide
Open wide
Your arms are open wide for us
Your arms are open wide
Open wide
Your arms are open wide for us
For us, yeah
