

Where There Is Love

Unhindered

Wrap me in your arms,
Clothe me in your grace
Whisper to this heart
Let me feel your embrace
Break the bread and wine
Lead me to the place
A garden of your love
Open wide the gate

Chorus: Where there is love there is no room for fear
And where there is hope every doubt disappears
And where there is faith mountains are cast away
And where there is love all things are beautiful

Speak your words of life
Take my breath away
Invite me into your courts
I will not delay

Chorus
I wanna know the heights
I wanna know the depths
I wanna know the widths and lengths of your love (2x)
